WHY CONTACT?

Contact is a striking events venue and creative hub, centrally located at the heart of the Corridor Manchester innovation district.

Following a transformational redevelopment, our diverse and flexible spaces are ideally suited to conferences, meetings and events. As a cutting edge arts organisation, we are also uniquely placed to deliver your event with creative flare.

Contact is a not-for-profit organisation. All of the proceeds from commercial operations help to support our work with young people, in local communities and on stage.

We're proud to have hosted events for Amnesty International, The University of Manchester, BBC, CBeebies, The Royal Welsh College of Music & Drama, Coram Shakespeare Schools Festival and many more.

ENVIRONMENTAL SUSTAINABILITY

Contact's ground-breaking design places it in the top 1% of sustainable public buildings in the North West. Our electricity is supplied by renewable energy sources and we operate a zero-to-landfill policy.

Unlike traditional powered air-conditioning, our natural ventilation system ensures a constant supply of fresh, non-recycled air throughout the venue.

You can read more about the steps we are taking to help reduce our carbon footprint here:

ACCESSIBILITY

At Contact we strive to ensure that everybody has the best experience possible during their visit. With lift access to each floor, all of our event spaces are wheelchair-accessible. Space 1 and the Meeting Room also both benefit from a hearing loop.

'We selected Contact as a filming location for some marketing videos we were shooting. The building has recently undergone a refurb, and looks absolutely fantastic inside and out. We shot video content in three different spaces, all of which provided exactly what we were looking for in each scenario. From start to finish, the team at Contact were really helpful and easy to work with.' Aimteq
